I. General provisions

1. The rules for using the CI Trademark (CI-sign) are set out in the Certification contract, which is signed by the enterprise during the certification/re-certification audit and refers to the "Certification Agreement", which is available on the website of the Certification Body.
2. The right to use the CI-sign extends only to the validity period of the certificate and the scope of its application.
3. It is prohibited to use/transfer the CI-sign to third parties, branches/divisions of the enterprise that are not included in the scope of the certificate.
4. The CI-sign is transferred to the enterprise in electronic form in the *.jpg/*.jpeg/*.pdf/*.png format.
5. The enterprise must send the Certification Body samples of the documents on which the trademark will be placed for approval.

II. Use of the CI-sign

The CI-sign may be used on the following materials:

1. Letterheads and letters.
2. Business cards, badges.
3. Calendars, notepads and other advertising materials.
4. On products and packaging, subject to the following conditions:

- the CI-sign cannot be used to label individual products or be applied to individual product packaging (this could be outer packaging made of cardboard, etc.);

- when using the CI-sign on products and/or packaging, it is necessary to indicate that it is the management system that is certified according to the **ISO XXXXX*** standard, avoiding possible misleading of consumers about the fact that the product/service is certified;

* Mentioning possession of an **FSSC 22000** certificate or making any reference such as "**Produced in an FSSC 22000 certified company**" on a product label or packaging is not allowed.

CertifiedManagementSystem

Brand/ClientName

- **ISO 22000**and **FSSC 22000**does not permit the use of the FSMS certification mark on a product or product packaging, either for the primary packaging (which contains the product) or for any outer or secondary packaging. Unlike other standards, it does not permit the use on product packaging of any claim that the customer has a certified FSMS.

III. Form

The CI-sign may be used in any size, provided that its proportions (the relationship between the sides and the elements) are maintained. The certificate number must be indicated and must be easily readable. It is prohibited to make any changes to the mark.

V. Termination of use of the CI-sign

The use of the CI-sign is terminated if:

1. The certificate is suspended.
2. The certificate is withdrawn.
3. The certificate has expired.

In certain cases, the use of the CI-sign is permitted for no more than one month from the date of entry into force of the decision to change the certificate's validity period.

V. Contact information for coordinating samples of use of the CI-sign
